

ALAN PEAT LTD IS PROUD TO PRESENT ...

ANTHONY REDDY

RAISING YEAR SIX

STANDARDS IN

Maths

**A MUST FOR ALL
YEAR 5 & 6
TEACHING STAFF**

**The Village Hotel, Hyde, near Manchester
1ST DECEMBER 2010 (9.30 - 3.30)**

**This fantastic (and timely) training course from an
OUTSTANDING presenter will:**

- 👍 *tackle all the key areas of mathematics that children have difficulty in understanding and answering and discuss the implications for the teaching and learning of mathematics in Year 6*
- 👍 *analyse previous questions and themes in order to establish the common misconceptions and errors that children regularly make and explore ideas and activities to tackle the key mathematical themes and concepts that children find difficult*
- 👍 *practice, consolidate and reinforce mathematical facts and understanding with the help of a series of ideas and activities*
- 👍 *examine a wide range of available resources to support the teaching of mathematics in Year 6.*
- 👍 *plan with confidence a Year 6 revision programme and establish a timeline for mathematics coverage and revision using additional resources and materials from both the Primary Strategy and elsewhere.*

***“Brilliant course,
brilliant presenter.”***

Walsall teacher

***“Super pace, very informative, wealth of
resources – just what teachers need.”***

Wolverhampton teacher

ANTHONY REDDY

RAISING YEAR SIX MATHS STANDARDS

ALAN Peat Ltd delighted to present ANOTHER whole-day training session at The Village Hotel, Hyde, with Anthony Reddy. Many of you may have heard of Anthony from his time with Blackburn with Darwen and, since he branched out with his own maths training consultancy, many of you will have heard brilliant reports about Anthony's practical, effective, down-to-earth training!

High-quality

Anthony is an experienced Senior Mathematics/ISP Consultant who has been involved in delivering high quality mathematics training across several Local Authorities since 1999. He is a qualified Key Stage 1 Moderator, a regular lecturer and marker for the University of

Manchester PGCE course and was part of the DfES working party for the recent Renewed Framework for Mathematics. Besides overseeing and leading the Framework rollout for a series of Local Authorities in the North, Anthony's expertise is much in demand elsewhere. He now works throughout the country as an independent consultant, including running training at Dudley Regional Staff College, aiming to 'revitalise mathematics teaching' through his well received array of activities, resources and ideas (including the odd song or two!) Anthony's common-sense approach to planning and delivering quality maths lessons means that his growing reputation is also taking on an international dimension!

CONFERENCE PROGRAMME

9:00 Registration & Coffee

MORNING SESSION (9:30-12:30)

Overview of the day

Implications for teaching and learning in Year 6

Common misconceptions and problems/key themes to be tackled in Year 6.
